

**NewScientist** Technology section

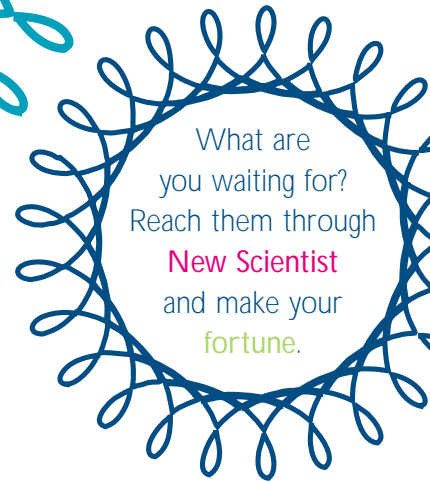

launches 04.10.2003

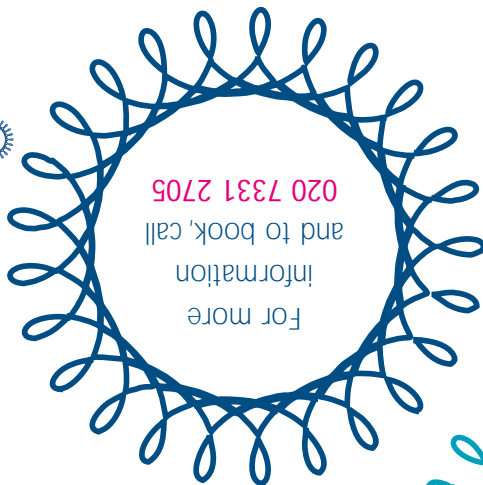

Our readers are **young**, dynamic and can't wait to get their hands on the **latest and the best**. Just the type of people you want to **attract**.

At last!  
We're giving our readers what they've been **clamouring** for – a bigger and better New Scientist **technology section** loaded with ideas, innovations and all the **smartest stuff** out there.

What are you waiting for? Reach them through **New Scientist** and make your **fortune**.

For more information and to book, call **020 7331 2705**

**NewScientist**

A fortune at your fingertips...
